

Curriculum Vitae

Personal Data

Name : Mr .Sukit Prajukjit
ID No. : 3 7502 00248 217
Date of Birth : 7 August 1975
Age : 44 Years Old
Height : 170 cm.
Weight : 73 kg.
Nationality : Thai
Religion : Buddhist
Health : Excel ant
Marital Status : Married
E –Mail : burin0708@hotmail.com
Contact mobile : 081-7770785
Passport No. : P 861816

Permanent Address

04 M. 3 T. Mabkha King A. Nikompattana J.Rayong 21180

Qualification/Education

The Diploma of vocational Education
Diploma of Vocational Education Mechanical Engineer. Samutsongkram

Technical Training

Witnessing Hydrostatic Pressure Tests AS-WI-AS-1013
PT Test , MT Test , WPS , PQR ,

Basic Communication/Basic Computer skill

Thai/English (Speak, Write) - Fair
Computer Microsoft (Word, Excel, Access)

Work Experience

1 August 2019 to 31 October 2019

Company Skill Power Co.,Ltd.
 Position Mechanical Supervisor
 Project Esso Turaround 2019

Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning . Maintenance open and remove equipment column and Heat Exchanger, Hydrostatic test and safety relief valve, for cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work for turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.Sopport Cleaing Yard.

15 May 2019 to 31 July 2019

Company PTT Maintenance and Engineering Company.
 Position Mechanical Supervisor
 Project PTT GC 4

Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning . Maintenance open and remove equipment column and Heat Exchanger, Hydrostatic test and safety relief valve, for cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work for turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

15 August 2018 to 15 October 2018

Company PTT Maintenance and Engineering Company.
 Position Mechanical Supervisor
 Project PTT GC 2

Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning . Maintenance open and remove equipment column and Heat Exchanger, Hydrostatic test and safety relief valve, for cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work for turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

15 August 2017 to 10 December 2017

Company **Staega Company.**
Position **Supervisor Permit**
Project

Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning . Maintenance open and remove equipment column and Heat Exchanger, Hydrostatic test and safety relief valve, for cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work for turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

5 June 2017 to 28 June 2017

Company **Manpower Supply**
Position **Mechanical Supervisor**
Project **HMC**

Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

25 Febuary 2017 to 5 April 2017

Company **WRC**
Position **Mechanical Supervisor**
Project **PTT # GC shut down**

Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

1 November 2016 to 15 December 2016

Company JS TECH
Position Mechanical Supervisor
Project BST shut down (Site#1)
Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

11 June 2016 to 26 August 2016

Company Protech
Position Mechanical Supervisor
Project TPC shut down (vcm 2)
Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

17 April 2016 to 31 May 2016

Company Protech
Position Mechanical Supervisor
Project TPC shut down (vcm 1)
Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

20 August 2015 to 31 December 2015

Company **BSA Business Services Alliance Co., Ltd.**
Position **Mechanical Supervisor**
Project **Aromatic-II Debottlenecking Project**
Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

13 January 2015 to 30 April 2015

Company **Protech**
Position **Mechanical Supervisor**
Project **TPC shut down**
Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

22 September 2014 to 25 November 2014

Company **PTT Chemical Public Co.,Ltd.**
Position **QA/QC Inspector**
Project **PTT (AR) Turnaround 2014**
Responsible

- : Check Swing blind is required by the P& ID.
- : Check Gasket is required by the P &ID.
- : Check Bolt and Nut is required by the P&ID.
- : Control and witness inspection Swing blind.
- : Witness and Inspection Installation Gasket.
- : Witness and inspection Bolt and Nut is required and baland.
- : Witness and Inspection Flange Face.
- : Control and Inspection debbling.
- : Review and Inspection hand over package.
- : Daily meeting. Attend daily report progress.

02 June 2014 to 08 July 2014

Company Adecco Co., Ltd.
Position Mechanical Supervisor
Project HMC Polymer turnaround 2014

Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

17 April 2014 to 17 may 2014

Company Thai Prasit Co., Ltd.
Position Mechanical Supervisor
Project TPC shut down

Responsible

: Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

1 February 2014 to 15 March 2014

Company PTT Chemical Public Co., Ltd.
Position QA/QC inspection
Project PTT Global Chemical (Turnaround I-1)

Responsible

: Scope are Compressor Equipment for inspection the level of the flange (Flange Alignment) including the validity of the Gasket, Stud bolt & Nut.

: The maintenance of equipment during major maintenance .

: Blind list & Class gasket.

: Check daily report executions.

: Daily progress meeting attendance test package verification package.

: Preparation procedure arrangement and reviewing.

: Inspection after maintenance completed scope of work planning of

work

: For turnaround shut down review equipment follow work step by step.

: Communication with all parties Concern for each project hand over document completion.

1 October 2013 to 30 November 2013

Company JUM Service Co., Ltd.
Position Mechanical Supervisor
Project Turnaround 2013 (MOC Project.)

Responsible

for pre-shut-down packages preparation of all static equipment , test package identification and designed of test loop response , maintenance package evaluation and Control all of activities daily as following :

- : Plant shut-down evaluate and membership
- : Maintenance work loaded monitoring.
- : Inspection all the parts prior application for client to inspection.
- : Inspection flushing clean and air drying.
- : Maintenance work loaded monitoring.
- : Parts inspection prior to application to client inspector for inspection.
- : Test package limitation and control all of test activities and package

signed.

- : Test was completed.

2 August 2012 to 31 May 2013

Company Rayong Olefin's Co., Ltd (Protech)
Position Mechanical Supervisor
Project ROC

Responsible

for preparation hydrostatic test and witness. Duties as follow :

- : For preparation hydrostatic test and witness.
- : Inspection follows project specification.
- : Line check follows isometric drawing.
- : Preparation Hydrostatic test.
- : Chart recorder control and record.
- : Inspection flushing clean and air drying.
- : Inspection test painting

25 February to 31 March 2012

Company CR Asia Industrial services Co., Ltd.
Position QA/QC inspection
Project PTT AR#3Turn around 2012

Responsible

Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work . For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

1 May 2011 to 30 November 2011

Company Skill Power Co., Ltd.
Position Mechanical Field Supervisor.
Project Esso Turnaround 2011

Responsible

Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work . For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

6 January to 28 February 2011

Company CR Asia Industrial services Co., Ltd.
Position QA/QC inspection
Project Bangjak Turn around 2011

Responsible

Review activities and scope of work. Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, For cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work For turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

September 2010 to January 2011

Company Rayong Engineering & Plant Service (Repco)
Position Supervisor
Project ROC project turnaround 2010

Responsible

Review activities and scope of work . Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, for cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing. Inspection after maintenance completed scope of work planning of work for turnaround shut down review equipment follow work step by step. Communication with all parties Concern for each project hand over document completion.

July 2009 to December 2009

Company SCG CHEMICALS#7
Position QC Inspector
Project MOC Cracker Project II
Maincontractor KEC Engineering

Responsible

: Performed inspection to follow project spec.
 : Line Check & Clearance Punch list.
 : Review and recheck P&ID/Iso.Dwg.pipingbefore hydrostatic pressure Test.
 : Review attachment data sheet & NDE Report for test package.
 : Witnessing for Hydrostatic pressure test & Pneumatic pressure test.
 : Checked material & visual welding Joint.
 : Control and Inspection for reinstatement after flushing.

January 2008 to August 2008

Position QA/QC Inspector
Project PTT ME
Maincontractor Knowhow Tranfer Co.,Ltd.

Responsible

Checked material & visual welding Joint. Run joint & As built drawing revise on Field. Daily fit-up & daily welding report to History Sheet.Attachment data sheet & NDE Report for work & test package.Recheck P&ID/Iso.Dwg.piping hydrostatic test. NDE Clearance & Final check for installation. Line Check & Clearance. Punch list. Witnessing hydrostatic pressure test.Inspection Holiday Test, DFT & Soil Test for Under Ground piping. Check EL. for Under Ground piping before backfilling.

Febuary 2007 to December 2007

Position QA/QC Inspector
Project PTT Final.
Maincontractor STRR Engineering Co.,Ltd.

Responsible

Checked material & visual welding Joint. Run joint & As built drawing revise on Field. Daily fit-up & daily welding report to History Sheet.Attachment data sheet & NDE Report for work & test package.Recheck P&ID/Iso.Dwg.piping hydrostatic test. NDE Clearance & Final check for installation. Line Check & Clearance. Punch list. Witnessing hydrostatic pressure test.Inspection Holiday Test, DFT & Soil Test for Under Ground piping. Check EL. for Under Ground piping before backfilling.

June 2005 to December 2006

Position QA/QC Inspector & Material
Project Yogokawa
Maincontractor Boontham Intergroup Engineering & Construction Co.,Ltd.
Responsible

Checked material & visual welding Joint. Run joint & As built drawing revise on Field. Daily fit-up & daily welding report to History Sheet. Attachment data sheet & NDE Report for work & test package. Recheck P&ID/ Iso.Dwg.piping hydrostatic test. NDE Clearance & Final check for installation. Line Check & Clearance. Punch list. Witnessing hydrostatic pressure test. Inspection Holiday Test, DFT & Soil Test for Under Ground piping. Check EL. for Under Ground piping before backfilling.

March 2005 to June 2005

Project TPhnjyI
Maincontractor Sulzer Co.Ltd
Position QC Technical
Responsible

Review activities and scope of work .Procedure Arrangement and reviewing Modification. Replacement and internal cleaning tray. Maintenance open and remove equipment column, safety relief valve, for cleaning and reinstate inspection. Blind list & Class gasket. Check daily report executions. Daily progress meeting attendance test package verification package. Preparation procedure arrangement and reviewing.
