CHACRIS NIRUBSUDCAN

PERSONAL DETAILS;

Name	:	Mr.Chacris Nirubsudcan
Nationality	:	Thai
Date of Birth	:	April 04, 1973
Sex	:	Male
Weight	:	95 kgs.
Height	:	170 cms.

EDUCATION;

Year 2001, Rajamangala Institute of Technology, Bachelor of Civil Engineering, Graduated with a 3.02 GPA.

PROFESSIONAL EXPERIENCE

- **25 years' experience in Manufactory Engineering Design, Surveying, Construction, QA/QC, Architect, Management, Superintendent.**
 - **Experience in Engineering, QA/QC and Construction.**
 - Oil and Gas Plant
 - Oil Refinery Plant
 - Petrochemical Plant
 - Electric Power Plant
 - Jetty & Storage Tank Farm
 - Poly Ethylene Plant
 - Plastic Recycle Plant
 - Building, Ware house, Work shop
 - **Job Description**
 - Steel Structure Fabrication
 - Steel Structure Installation
 - Reinforce Concrete Structure
 - Pretension & Posttension Concrete

- Building and Architectural
- Equipment Foundation
- Silo and Stack Foundation
- Pile Driving , Bore Pile , Steel Pile , Spun Pile
- Soil Mechanics Engineering
- Asphaltic Concrete Road
- Reinforce Concrete Road & Bridge
- Box Culvert Cross Road
- Duct Bank & Manhole Duct Bank
- Under Ground Drainage System

▪ **Responsibilities & Duties**

- Engineering Design and Estimation
- Control Engineering & Specification
- Construction Superintendent
- Quality Control Management
- Construction Management
- Schedule and Quality Control
- Survey Engineering
- Consulting and Superintendent

▪ **Job Position**

- Civil Inspector
- Design Engineer
- Field Engineer
- Construction Civil Supervisor
- Surveying Supervisor
- QA/QC Engineer
- Marine Engineer
- Civil Superintendent
- Assistant Site Manager

TRAINING INCLUDES;

- Steel Structure Design. (Institute : Engineering Institute of Thailand)
- Engineering of soil Mechanics. (Institute : Engineering Institute of Thailand)
- Structure Analysis. (Institute : Engineering Institute of Thailand)
- Construction Management. (Institute : Engineering institute of Thailand)
- Safety Training. (Institute : NPC S&E)

COMPUTER PROGRAM SKILLS;

- Autocad 2D, 3D Model
- Microsoft Project
- Microsoft office (MsWord, MsExcel, MsOutlook)
- Internet & Email
- Steel Structure Design (Staad Pro, NEOTS4.20, SUTStructur)
- Reinforce Concrete Design (Staad Pro , NEO RC v4.50 , SUTStructur)
- Adobe Acrobat 7.0 Professional
- Typing 40 word / minute

PROJECT WORK EXPERIENCE

#1 Project : Lube Base Oil Plant (New Plant)

Owner : Thai Lube Base Oil Plant (Thai Oil Group)
Location : Lamchabang industrial estate (Cholburi)
Company : Thai Leighton Co.,Ltd.
Duration : May, 1993 - Oct, 1994
Position : Civil Supervisor

- **Thai Lube Base Oil Plant (Thai Oil Group) (for Lube Oil Plant)**
- **Responsibilities**
 - Perform regular review of job cost, quality control and progress reports.
 - Direct the day-to-day field operations through Foremen and Subcontractors, providing necessary technical guidance and leadership.
 - To maintain cost and look for cost saving ways to execute the work.
 - Manage manpower to meet scheduling
- **Work Description**
 - Reinforce Concrete of Foundation pipe rack
 - Reinforce Concrete of Foundation equipment
 - Reinforce Concrete of Foundation Tank
 - Reinforce Concrete Paving & Road
 - Steel Structure Fabrication and Installation
 - Building, Warehouse , Workshop
 - Concrete Pile Driving

#2	Project	:	BHP STEEL (Thailand) Co., Ltd. (New Factory)
----	---------	---	------------------------------------------------

Owner	:	BHP STEEL (Thailand) Co., Ltd.
Location	:	Hemaraj eastern industrial estate (Maptaput , Rayong)
Company	:	Thai Leighton Co.,Ltd.
Duration	:	Nov, 1994 – Dec, 1995
Position	:	Civil Supervisor

○ **BHP STEEL (Thailand) Co., Ltd. (Steel Carbon Manufacturer)**

▪ **Responsibility**

- Perform regular review of job cost, quality control and progress reports.
- Direct the day-to-day field operations through Foremen and Subcontractors, providing necessary technical guidance and leadership.
- To maintain cost and look for cost saving ways to execute the work.
- Manage manpower to meet scheduling

▪ **Work Description**

- Reinforce Concrete of Foundation equipment.
- Reinforce Concrete Paving & Road.
- Steel Structure Fabrication and Installation.
- Building, Warehouse, Workshop.
- Concrete Pile Driving.

#3	Project	:	CSR Insulation Factory (New Factory)
----	---------	---	----------------------------------------

Owner	:	CSR Insulation (Thailand) Co., Ltd.
Location	:	Hemaraj eastern industrial estate (Maptaput , Rayong)
Company	:	Thai Leighton Co.,Ltd.
Duration	:	Jan,1996 - Dec, 1996
Position	:	Civil Supervisor

○ **CSR Insulation (Thailand) Co., Ltd. (Insulation Manufacturer)**

▪ **Responsibility**

- Perform regular review of job cost, quality control and progress reports.
- Direct the day-to-day field operations through Foremen and Subcontractors, providing necessary technical guidance and leadership.
- To maintain cost and look for cost saving ways to execute the work.
- Manage manpower to meet scheduling.

▪ **Work Description**

- Reinforce Concrete of Foundation equipment.
- Reinforce Concrete Paving & Road.
- Steel Structure Fabrication and Installation.
- Building, Warehouse, Workshop.
- Concrete Pile Driving.

#4	Project	:	Amata Bangpakong Power Plant. (New Plant)
	Owner	:	Amata Bangpakong Industrail.
	Location	:	Amata bangpakong industrial estate (Chachoengsao)
	Company	:	Thai Leighton Co.,Ltd.
	Duration	:	Jan, 1997 - Jun, 1998
	Position	:	Civil Supervisor

○ **Amata Bangpakong Power Plant. (Electric Power Plant)**

▪ **Responsibility**

- Perform regular review of job cost, quality control and progress reports.
- Direct the day-to-day field operations through Foremen and Subcontractors, providing necessary technical guidance and leadership.
- To maintain cost and look for cost saving ways to execute the work.
- Manage manpower to meet scheduling

▪ **Work Description**

- Reinforce Concrete of Foundation pipe rack.
- Reinforce Concrete of Foundation equipment.
- Reinforce Concrete Paving & Road.
- Steel Structure Fabrication and Installation.
- Building, Warehouse, Workshop.
- Concrete Pile Driving and Bore Pile.

#5	Project	:	Steel Pipe Fabrication Building. (Expansion Factory)
	Owner	:	Cotco-SV Steel Pipe Co., Ltd.
	Location	:	Hnongborn District ., Rayong Province.
	Company	:	Thai TPG General Group Ltd.
	Duration	:	Jan, 2002 - Apr, 2003
	Position	:	Site Engineer

○ **Cotco-SV Steel Pipe Co., Ltd. (Steel Pipe Manufacturer)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Steel Pipe Fabrication Building to Construct.
- Reinforce Concrete of Foundation for Steel Column.
- Reinforce Concrete of Foundation equipment.
- Reinforce Concrete Slab.
- Steel Structure Fabrication and Installation.
- Concrete Bore Pile.

#6 Project : Warehouse Kamanasan Transport (New Warehouse)

Project : Kamanasan Transport Co.,Ltd.
Location : Hoypong District ., Rayong Province.
Company : Qualitech Engineering & Construction Co.,Ltd.
Duration : May, 2003 - Jan, 2004
Position : Site Engineer

○ **Warehouse Kamanasan Transport (Warehouse Storage for Rent)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete Retaining Wall.
- Reinforce Concrete of Foundation for Steel Column.
- Reinforce Concrete Structure Building.

- Reinforce Concrete Slab and Road.
- Steel Structure Fabrication and Installation.
- Concrete Pile Driving.

#7 Project : BMA Plant (Expansion Plant)

Owner : Siam Cement Group Co.,Ltd. (SCG)
Location : Maptaput industrial institute (Rayong)
Company : Rayong Engineering & Service Co.,Ltd.
Duration : Feb, 2004 - Apr, 2005
Position : Civil Engineer

○ **BMA Plant of Siam Cement Group Co., Ltd. (Petrochemical Plant)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation Building.
- Reinforce Concrete of Foundation equipment.
- Reinforce Concrete Paving & Road.
- Steel Structure Fabrication and Installation.
- Building, Warehouse , Workshop.
- Concrete Bore Pile.

#8 Project : PTT UT Central Utility Project 1 (New Plant)

Owner : PTT Group
Location : Hemaraj Eastern Industrial Estate (Maptaput , Rayong)
Company : CTCL (Thailand) Co.,Ltd.
Duration : May, 2005 - Apr, 2006
Position : Civil Engineer

- **PTT UT Central Utility Project 1.**, For This Plant is the Electric Power Production Plant.

- **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

- **Work Description**

- Reinforce Concrete of Box Culvert Cross Road.
- Reinforce Concrete of Foundation for Steel Column.
- Reinforce Concrete of Foundation equipment.
- Reinforce Concrete Slab.
- Steel Structure Fabrication and Installation.
- Concrete Bore Pile.

#9	Project	:	Furnace-Q Project (Expansion Plant)
	Owner	:	Siam Cement Group (SCG)
	Location	:	Maptaput Industrial Institute (Rayong Province)
	Company	:	Thai Woo Ree Engineering Co.,Ltd.
	Duration	:	May, 2006 – Apr,2007
	Position	:	Civil Engineer / Civil Superintendent

- **Furnace - Q Project. (Plastic Production Plant).**

- **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

- **Work Description**

- Reinforce Concrete of Foundation for Steel Column.
- Reinforce Concrete of Foundation equipment.
- Reinforce Concrete Slab.

- Steel Structure Fabrication and Installation.
- Concrete Bore Pile / Spun Pile.

#10	Project	:	Reformer and Aromatics Complex II (ATC II)
------------	----------------	----------	-----------------------------------------------------

Owner	:	PTT AR (PTT Group)
Location	:	Maptaput Industrial Institute (Rayong Province)
Company	:	Thai Woo Ree Engineering Co.,Ltd.
Duration	:	May, 2007 – Aug, 2008
Position	:	Project Engineer / Civil Superintendent

○ **Reformer and Aromatics Complex II (Oil Storage and Refinery Plant)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation for Pipe Rack & Building.
- Reinforce Concrete of Foundation Tank.
- Reinforce Concrete of Foundation equipment.
- Reinforce Concrete Slab , Road , Box Culvert and Duct bank.
- Reinforce Concrete of Cooling Tower.
- Reinforce Concrete of Building and Steel Structure Building.
- Steel Structure Fabrication and Installation.
- Concrete Bore Pile and Pile Driving.

#11	Project	:	PTT PE LDPE Project
------------	----------------	----------	----------------------------

Owner	:	PTT PE (PTT Group)
Location	:	Padang industrial estate (Rayong Province)
Company	:	PTT Maintenance & Engineering Co.,Ltd. (PTT ME)
Duration	:	Sep, 2008 – Aug, 2010
Position	:	Civil Engineer / Civil Inspector

○ **PTT PE LDPE Plant (Low-density polyethylene Plant)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation for Pipe Rack & CCB , Substation Building.
- Reinforce Concrete of Foundation Silo.
- Reinforce Concrete of Foundation equipment and Hight Compressor.
- Reinforce Concrete Slab , Road , Box Culvert and Duct bank.
- Reinforce Concrete of Cooling Tower.
- Reinforce Concrete of Building and Steel Structure Building.
- Steel Structure Fabrication and Installation.
- Concrete Bore Pile and Pile Driving.

#12 Project : PTT Tank Terminal & Jetty Project

Owner : PTT Tank (PTT Group)

Location : Maptaphut Port (Maptaphut Industrial Rayong Province)

Company : Chotichinda Mouchel Consultants Ltd. (CMCL)

Duration : Sep, 2010 – Feb, 2012

Position : Civil Engineer

○ **PTT Tank Terminal & Jetty Project (Storage Tank Services to Lease and Including Port & Jetty for the Support to Freighter and Marine)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation for Pipe Rack & Steel Structure Building.
- Reinforce Concrete of Foundation Tank & equipment.
- Reinforce Concrete of Jetty Structure and Access road.
- Reinforce Concrete Slab, Road and Dike Wall.
- Reinforce Concrete Structure and Building.
- Steel Structure Fabrication and Installation.
- Concrete Bore Pile and Steel Pile Driving (On Shore & Off Shore)

#13 Project : EBSM Upgrading Project (IRPC Public Company)

Owner : IRPC Public Company
Company : Uhde (Thailand) Co.,Ltd.
Duration : Mar, 2011 – Dec,2011
Position : Civil Engineer

- **EBSM Upgrading Project (Reactor Super exchanger , Pipe Rack , Column Condense , Steam Superheater and etc)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation for Pipe Rack & Steel Structure Building.
- Reinforce Concrete of Foundation Tank and Equipment.
- Reinforce Concrete Slab , Road and Dike Wall.
- Reinforce Concrete Structure and Building.
- Steel Structure Fabrication and Installation.
- Bore Pile (Reinforce Concrete)
- Soil Investigation Test

#14 Project : San-III Expansion Project (IRPC Public Company)

Owner : IRPC Public Company
Company : Uhde (Thailand) Co.,Ltd.
Duration : Jan, 2012 – Dec, 2012
Position : Civil Engineer

- **San-III Expansion Project (Central Control Building , Process Building , Silo , Pipe Rack , Tank Foundation , Road and Drainage.)**

- **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

- **Work Description**

- Reinforce Concrete of Foundation for Pipe Rack & Steel Structure Building.
- Reinforce Concrete of Foundation Tank and Equipment.
- Reinforce Concrete Slab , Road and Drainage.
- Reinforce Concrete Structure Silo and Building.
- Steel Structure Fabrication and Installation.

#15 Project : Upgrading BV Project

Owner : PTT GC
Location : Padang industrial estate (Rayong Province)
Company : PTT Maintenance & Engineering Co.,Ltd. (PTT ME)
Duration : Jan, 2013 – Dec, 2013
Position : Civil Engineer

- **Upgrading BV Project (Central Control Building, Pipe Rack, Tank Foundation, Pipe Support , Road and Drainage.)**

- **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.

- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation for Pipe Rack & CCB , Substation Building.
- Reinforce Concrete of Tank Foundation.
- Reinforce Concrete of Foundation Pipe Support.
- Reinforce Concrete Slab , Road , Drainage and Duct bank.
- Reinforce Concrete of Building and Steel Structure Building.
- Steel Structure Fabrication and Installation.
- Bored Pile and Pile Driving.

#16	Project	:	PTT Green Office Building Project
------------	----------------	----------	------------------------------------------

Owner	:	PTT GC
Location	:	Asia industrial estate (Rayong Province)
Company	:	PAE (Thailand) Public Company Limited
Duration	:	Jan, 2014 – Dec, 2014
Position	:	Civil Engineer

- **PTT Green Office Building Project (Green Office Building, Wastewater Treatment , Storage Tank Water , Road and Drainage , HVAC , Sanitary System.)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation for Green Office Building.
- Reinforce Concrete of Wastewater Treatment.
- Reinforce Concrete of Storage Tank Water.
- Reinforce Concrete Slab, Road and Drainage.
- HVAC , Sanitary System.
- Pre-Stress Concrete and Installation.
- Concrete Pile Precast and Pile Driving.

#17 Project : Construction of integrated waste disposal project 2

Owner : Provincial Administration of Rayong
Location : Nongtaparn Rayong Province
Company : Rayong Civil Engineering Ltd., Part.
Duration : Jan, 2015 – Dec, 2015
Position : Civil Engineer

- **Integrated waste disposal project 2 (5 Workshops, Warehouse Building, Height Building, Reservoir, Road and Drainage, HVAC, Sanitary System.**

- **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

- **Work Description**

- Reinforce Concrete of Foundation for Building.
- Earth work for Reservoir and Road.
- Reinforce Concrete Slab , Road , Drainage.
- HVAC, Sanitary System.
- Pre-Stress Concrete and Installation.
- Concrete Pile Precast and Pile Driving.
- Steel structure Fabrication and Installation

#18 Project : Central Center Pattaya Renovate Project

Owner : Central Group
Location : Pattaya Chonburi Province
Company : NMC Co.,Ltd.
Duration : Jan, 2016 – Sep, 2016
Position : Project Engineer / Civil Engineer

- **Central Center Pattaya Renovate Project (3 New Buildings, Renovate Existing Building , New Road and Drainage, HVAC , Sanitary System.)**

- **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

- **Work Description**

- Reinforce Concrete of Foundation for Building.
- Earth work for Reservoir and Road.
- Reinforce Concrete Slab , Road , Drainage.
- HVAC , Sanitary System.
- Pre-Stress Concrete and Installation.
- Concrete Pile Precast and Pile Driving.
- Steel structure Fabrication and Installation

#19	Project	:	Amtec Office Building Project
------------	----------------	----------	--------------------------------------

Owner	:	SCG Group
Location	:	Rayong Province
Company	:	Ensure International Co.,Ltd.
Duration	:	Oct, 2016 – Jun, 2017
Position	:	Civil Engineer

- **Amtec Office Building Project** (New Building and Car Park, New Road and Drainage , HVAC , Sanitary System , Architect Work , Landscape.

- **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation for Building.
- Earth work for Reservoir and Road.
- Reinforce Concrete Slab , Road , Drainage.
- HVAC , Sanitary System.
- Pre-Stress Concrete and Installation.
- Concrete Pile Precast and Pile Driving.
- Steel structure Fabrication and Installation.
- Architect and Landscape Work

#20 Project : Museum of Art Building Project

Owner : Ministry of Culture
Location : Bangkok
Company : Seri Construction Co.,Ltd.
Duration : Jul, 2017 – May, 2018
Position : Civil Engineer

- **Museum of Art Building Project (New Building and Car Park, New Road and Drainage, HVAC, Sanitary System, Architect Work, Landscape.)**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Reinforce Concrete of Foundation for Building.
- Earth work for Reservoir and Road.
- Reinforce Concrete Slab, Road and Drainage.
- HVAC , Sanitary System.
- Pre-Stress Concrete and Installation.
- Concrete Pile Precast and Pile Driving.
- Steel structure Fabrication and Installation.
- Architect and Landscape Work
- Retaining Wall (Concrete Sheet Pile)

#21	Project	:	Expansion Plant and Maintenance Project
-----	---------	---	-----------------------------------------

Owner : TPC (Thai Plastic and Cemical) (SCG Group)
Location : Mabtaput industrial estate (Rayong Province)
Company : Protech Outsourcing Co.,Ltd. (Yearly Contract)
Duration : Jun, 2018 – Dec,2018
Position : Civil Supervisor

- **Civil Maintenance, (Expansion Plant and Maintenance Building, Pipe Rack, Tank Foundation, Pipe Support, Road and Drainage and Overall civil work in plant.)**

- **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

- **Work Description**

- Existing Repairing and new plant
- Reinforce Concrete of Foundation for Pipe Rack & CCB , Substation Building.
- Reinforce Concrete of Tank Foundation and Foundation Pipe Support.
- Reinforce Concrete Slab , Road , Drainage and Duct bank.
- Reinforce Concrete of Building and Steel Structure Building.
- Steel Structure Fabrication and Installation.
- Bored Pile and Pile Driving.

#22	Project	:	TEG & MEG and Rundown Bund Wall Project
-----	---------	---	-----------------------------------------

Owner : TOC Glycol Co.,Ltd. (PTT GC Group)
Location : Mabtaput industrial estate (Rayong Province)
Company : GC Maintenance & Engineering Co.,Ltd. (PTT GC Group)
Duration : Jan, 2019 – Dec, 2019
Position : Civil Supervisor

- **TEG & MEG and Rundown Bund Wall Project (Expansion Plant, Steel Structure Pipe Rack, Tank Foundation, Pipe Support, Road and Drainage, Concrete Basin & Bund Wall (Overall civil work in plant) .**

▪ **Responsibility**

- Progress Report and Quality Control Management.
- Co-ordination with owner.
- Co-ordination and supervision of technical aspects of construction works and engineering design.
- Established and implemented work schedules and adjusted them to meet project deadlines.

▪ **Work Description**

- Existing Repairing and new plant
- Reinforce Concrete of Foundation and Steel Structure of Pipe Rack.
- Reinforce Concrete of Tank Foundation and Foundation Pipe Support.
- Reinforce Concrete Slab, Road and Drainage U-Ditch.
- Reinforce Concrete of Building and Steel Structure Building.
- Steel Structure Fabrication and Installation.
- Concrete Basin and Bund Wall.
