

CURRICULUM VITAE

Name : Mr. Anupon Sirimuangmoon
Address : 127/22 Moo 4 T.Bangramong A. Bangramong Chonburi 20150
Mobile : 064-331-3624
E-Mail address : anupon .bee @ gmail.com

Personal

Date of Birth : 6 December 1982
Ages : 36 Years
ID. Card NO. : 3-5209-00092-89-1
Weight / Height : 65 Kg. / 170 Cm.
Religion : Buddhism
Nationality / Race : Thailand / Thai
Marital Status : Married
Military Status : Conscripted
Health : Excellent

Qualification/Education

: Bachelor 's Degree Department of Engineering Industrial Engineering
from Rajamangala University of Technology Lanna Tak
: High Vocational Certificate Department of Machine Shop
From Rajamangala Institute of Technology Tak Campus
: Vocational Certificate Department of Machine Shop
From Technique Sukothai college

Certified

: Level II Liquid Penetrant Test (PT Accordance SNT-TC-1A)
: Level II Magnetic Particle Test (MT Accordance SNT-TC-1A)
: Visual Welding Inspector (CSWIP 3.0) Certificate No.34622

Special Skill

: Able to use Program Auto CAD
: Able to use Program Microsoft Office
: Able to use Program UGNX 2-3
: Able to use Program Microsoft Visio
: Able to use Program Microsoft Project

Experiences & Work Responsibilities

Experiences Working Piping and Structural Steel Fabrication and Erection Controlled. Regulations Codes, Standards and Specification. Work Perform Under This Section Shall Conform to the Latest Edition of the Following Codes and Standards. Control Welder Qualification Testing AS/NZS 2980. Control to Structural AWS D1.1, AS1554.1. ASME B31.3 Process Piping. ASME/ANSI B31.1 Power Piping. ASME/ANSI B31.2 Fuel Gas Piping. Reviewed WPS/PQR, WQT Procedures. Check Documents Report of Welding NDE. 100% Visual Inspection on all Complete Butt Weld, Fillet Weld. Piping Punch Out Systems Before Flushing and Pneumatic/ Hydrostatic Testing

Planning and Prepare before Fabrication and Assemble of work Piping and. Structural Steel. Control Process Follow To Schedule. Check Status of Work. Control Quality of Process Welding and Installation. Preparation and Testing for Piping.

The trainer is a training or coaching the team for sale Teaching sales skills to sell individual. Complement and reinforce strengths, weaknesses. Observers and keep working for the team

Experience

MAR.2019 – PRESENT

COMPANY : ITALIAN-THAI DEVELOPMENT PUBLIC COMPANY LIMITED

POSITION : Engineering

RESPONSIBILITY : Manage machinery for working

: Planning and Prepare before Fabrication and Assemble

: Control Process Follow To Schedule In Progress Planning

SEP.2018 – FEB.2019

COMPANY : Thai samsung life insurance

POSITION : Manager

RESPONSIBILITY : The trainer is a training or coaching the team for sale

: The market watchdogs to everyone evenly. Who directs the organization to measure and evaluate the performance of your team on a regular basis The teaching sales skills to sell individual. Complement and reinforce strengths, weaknesses

: Observers and keep working for the team

NOV.2013 – AUG.2018

COMPANY : Krungthai-AXA Life Insurance Public Company Limited

POSITION : Manager

RESPONSIBILITY : The trainer is a training or coaching the team for sale

: The market watchdogs to everyone evenly. Who directs the organization to measure and evaluate the performance of your team on a regular basis The teaching sales skills to sell individual. Complement and reinforce strengths, weaknesses

: Observers and keep working for the team

MAR.2010 – OCT.2013

COMPANY : SIAM STEEL INTERNATIONAL PLC.

PROJECT : GORGON PROJECT-BARROW ISLAND LNG PLANT

POSITION : Inspector

RESPONSIBILITY : Control Welder Qualification Testing

: Monitoring and Inspection in Process Controls are in Compliance and Control of Quality Requirement are Conducted in Accordance with Quality Plan and Compliance to Specification and Standards for Structure

MAY.2008 – DEC.2009

COMPANY : STP&I PUBLIC CO.,LTD.
PROJECT : WOODSIDE PLUTO LNG PROJECT.
POSITION : Inspector
RESPONSIBILITY : Run Joint of Structure for Assemble
: Monitoring and Inspection in Process Controls are in Compliance
and Control of Quality Requirement are Conducted in Accordance
with Quality Plan and Compliance to Specification and Standards
for Pipe and Structure
: Review Document Report of Weld and NDE for Hand over to Client

JUL.2007 – APR.2008

COMPANY : BAMRUNGTHAI CO., LTD
PROJECT : ELECTRICITY GENERATING AUTHORITY of THAILAND SOUTH BANGKOK
COMBINED CYCLE POWER PLANT BLOCK **III**
POSITION : Engineering
RESPONSIBILITY : Assemble, Welding and Installation Equipment Piping System of Gas
Turbine and Gas Generator together with Pressure Test
: Planning and Prepare before Fabrication and Assemble
: Control Process Follow To Schedule In Progress Planning

FEB.2007 – JUN.2007

COMPANY : BAMRUNGTHAI CO., LTD
PROJECT : RATCHABURI COMBINED CYCLE POWER BLOCK **I & II**
POSITION : Engineering
RESPONSIBILITY : Assemble, Welding and Installation Equipment Piping System of Gas
Turbine and Gas Generator together with Pressure Test
: Planning and Prepare before Fabrication and Assemble
: Control Process Follow To Schedule In Progress Planning

OCT.2006 – JAN.2007

COMPANY : BAMRUNGTHAI CO., LTD

PROJECT : RATCHABURI ELECTRICITY GENERATING Co.,Ltd.

POSITION : Engineering

RESPONSIBILITY : Assemble, Welding and Installation C276 Wallpaper of FGD Absorber

Tank Casing Wallpaper Flue Gas Desulphurization Plant #1

: Planning and Prepare before Fabrication and Assemble

: Control Process Follow To Schedule In Progress Planning
