

Client: Vinythai Public Company Limited
Position: E&I Supervisor
Date: 29 April 2021
Starting Date: N/A

ARKARAWIT CHAIYAHONG

PERSONAL DETAILS

Date of Birth: 11 October 1986
Religion: Buddhism
Nationality: Thai
Marital Status: Single

EDUCATION

Diploma: Thai – Austrian Technical College
Certificate in Electric Power

SKILLS

Computer Skills: Allen Bradley PLC program for Gas Turbine package (Rolls Royce), Yokogawa's DCS program.

WORK EXPERIENCE

Apr 2020 – Oct 2020:	GC Maintenance and Engineering Company Limited
Position:	Inspector Instrument
Location:	GC2
Plant Description:	Olefins Reconfiguration project
Responsible:	Review Document & Drawing Instrument Control & supervision for Instrument (Loop test)
Apr 2019 – Nov 2019:	GC Maintenance and Engineering Company Limited
Position:	S/V Electrical & Instrument
Location:	GCGLYCOL
Plant Description:	ON-Purposed TEG Project (OPTEG)
Responsible:	Review Document & Drawing Electrical I& Instrument Control & supervision for Electrical & Instrument
Jun 2018 – Sep 2018:	ACE engineering & Construction Co., Ltd.
Position:	S/V Electrical & Instrument
Location:	IRPC
Plant Description:	RDCCCATALYSTCOOLERPROJECT PART1CATALYSTCOOLERSYSTEM
Responsible:	Prepare package inspection Check report in section Material Control E&I Witness for E&I Installation Witness Impulse Line & Air Supply Test Punchlist clearing work Control & Management subcontractor
Apr 2017 – Feb 2018:	IBCI Industrial Company Limited
Position:	Quality Control Electric and Instrument
Location:	PTTPRP Plat form PCF Project (Offshore)
Plant Description:	Gas Turbine Compressor
Responsible:	Field instrument calibration (e.g. Transmitters, On-Off &Control Valve, Gauge in dictators, F&G detectors, and etc.) Electrical & Instrument equipment installation

Inspection and Test Electrical & Instrument equipment
Loop test for Electrical & Instrument
Gas Turbine & Compressor package (Rolls Royce)
commissioning,
Function test, operation, loop test for field instruments, and
maintenance.

Oct 2016 – Jan 2017:	AKMN Co., Ltd.
Position:	Inspection installation instrument & Calibrate & Loop test
Location:	Wang Ta Pin Power Plant (Eastern Seaboard Industrial Estate Rayong
Plant Description:	Power Plant
Responsible:	Field instruments calibration (e.g. Transmitters, On-Off & Control valve, Gauge indicators, and etc.) Inspection and Test Electrical & Instrument equipment Loop test for Electrical & Instrument
May 2016 – July 2016:	JBE
Position:	Supervisor Inspector Installation & calibrate & loop test
Location:	JBE#2
Responsible:	Inspector Installation Instrument & calibrate & loop test. Equipment Control Valve On-Off valve, pressure transmitter flow transmitter, Level transmitter guide wave radar level, Diff pressure Transmitter, temperature transmitter Templeman, pressure Gauge
Jan 2016 – Mar 2016:	MSL
Position:	Specialist Instrument
Location:	Bang Jhak
Responsible:	Maintenance Equipment & function test, Control valve on /off valve, Flow transmitter Level transmitter guide wave radar level, Diff pressure transmitter, temperature transmitter Templeman, pressure gauge

Oct 2015 – Dec 2015:	ASI
Position:	Calibrate & loop test
Location:	PTT Phenol
Responsible:	Calibration & Loop test Equipment Control valve, on/ off valve, Calibration & Loop test Equipment flow transmitter, Level Transmitter Guide wave radar level, Diff pressure transmitter, temperature transmitter Templeman, pressure gauge
Apr 2015 – Sep 2015:	P.N. Progressive Supply Company Limited
Position:	Foreman Instrument
Location:	Styrolution (Thailand) co.ltd
Responsible:	Installation Equipment & Electrical control Calibration & Loop test Equipment flow transmitter, Level transmitter guide wave radar level, Diff pressure transmitter, temperature transmitter Temp element, pressure gauge
Feb 2015 – Mar 2015:	I&E ADVANCEDSOLUTION
Position:	Foreman Inspector Calibrate & Loop Test
Location:	SCGDOW Group
Responsible:	Calibration & Loop test control valve, on-off valve, Equipment flow Transmitter, Level transmitter guide wave radar level, Diff pressure transmitter, temperature transmitter Templeman, pressure gauge
Dec 2012 – Dec 2013:	PECI Thai
Position:	QA/QC Calibrate & Loop Test
Location:	BV PROJECT
Responsible:	Calibration & Loop test & commission injunction test, all Instrument Equipment.
Nov 2012 – Dec 2012:	MSL CO., LTD (Thailand)
Position:	Instrument Leader
Location:	Bang Jhak

Responsible: Loop test & function test control valve, on-off valve, pressures
Witch hi, pressures witch low, flow transmitter Templeman,
pressure gauge

Apr 2012 – Oct 2012: **SJ Premier Marketing Company Limited**
Position: Instrument Supervisor
Location: HMC, Nestle
Responsible: Maintenance Service and calibration control valve, on-off valve,
Equipment flow transmitter, Level transmitter guide wave radar
level, Diff pressure transmitter, temperature transmitter
Templeman, pressure gauge

Feb 2012 – Mar 2012: **SJ Premier Marketing Company Limited**
Position: Instrument Leader
Location: HMCSHOTDOWNPP#1,PP#2,PP#3
Responsible: Maintenance Service control valve, on-off valve, Equipment
Pressure switch hi pressures witch low flow transmitter, Level
transmitter guide wave radar level, Diff pressure transmitter,
temperature transmitter Templeman, pressure gauge

Jan 2012 – Jan 2012: **E.S.D**
Position: Instrument Leader
Location: HMC Shot Down PP#2
Responsible: Loop test & function test control valve, on-off valve, Equipment
Pressures witch hi pressures witch low flow transmitter, Level
Transmitter guide wave radar level, Diff pressure transmitter,
Temperature transmitter Templeman, pressure gauge

Oct 2011 – Nov 2011: **PECI Thai**
Position: QC Technician
Location: Sriracha Clean Fuels Project
Responsible: QC. Inspector & Loop test, Function test. Equipment pressures
Witch HI pressures witch low flow Transmitter, Level transmitter

Guide wave radar level, Diff pressure transmitter, temperature transmitter Templeman, pressure gauge

Jul 2011-Aug 2011:

Willow Global

Position:

Instrument Calibration & Loop test

Location:

CCG Thai Oil Public Company Limited

Responsible:

Calibration & Loop test Commissioning control valve, on-off valve, Equipment pressures witch hi pressures witch low flow transmitter, Level transmitter guide wave radar level, Diff pressure transmitter, Temperature transmitter Templeman, pressure gauge

Sep 2010 – Jun 2011:

Company: C.Y.C CO., Ltd.

Position:

Instrument Calibration & Loop test

Location:

EPS Project

Responsible:

Calibration & Loop test Commissioning, function test control valve, on-off valve, pressures witch hi pressures witch low flow transmitter, Level transmitter guide wave radar level, Diff pressure transmitter, temperature transmitter Templeman, pressure gauge

Jun 2010 – Aug 2010:

PSI.

Position:

Instrument Calibration & Loop test

Location:

EPS Project

Responsible:

Calibration & Loop test control valve, on-off valve, pressures witch hi Pressures witch low flow transmitter, Level transmitter guide wave Radar level, Diff pressure transmitter, temperature transmitter Templeman, pressure gauge

Sep 2009 – Dec 2009:

C.Y.C CO., Ltd.

Position:

Instrument Calibration & Loop test

Location:

PTT Public Company Limited6 Gas Separation Plant Project.
Mattapan Rayong Thailand

Responsible:

Calibration & Loop test Equipment control valve, on-off valve, Pressures witch hi pressures witch low flow transmitter, Level

Transmitter guide wave radar level, Diff pressure transmitter,
Temperature transmitter Templeman, pressure gauge

May 2009 – Sep 2009:

MOKASAK Engineering co., ltd (Thailand).

Position:

Instrument Leader Calibration & Loop test

Location:

MOCCAKER PROJECT

Responsible:

Calibration & Loop test control valve, on-off valve, Equipment
Pressures witch hi pressures witch low flow transmitter, Level
Transmitter guide wave radar level, Diff pressure transmitter,
Temperature transmitter Templeman, pressure gauge
