

Curriculum Vitae

Personal Data

Name : Mr.Sukhol Kantha
Address : 1 Moo. 6 T.Thoenburee A.Thoen Lampang Province.
Date of Birth : 05 October 1972
Age : 46 Years
Nationality : Thai
Religion : Buddhism
Status : Married
Education : Diploma Rajamangala Institute of Technology Tak Campus
Tak Province Thailand Department Metal Technology
Contact Phone Number : 090-756-3917

Work Experiences

20 March 2020 - 25 May 2020

Company : CAZ (Thailand) Company Limited.
Project : ORP
Position : Piping Supervisor

Responsibility

- Supervise fabrication & installation piping .
- Supervise tie-in work.
- Supervise hydro test work.
- Check erection as drawings.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.

15 January 2020 - 15 March 2020

Company : BST Company Limited.

Project : T/A 2020

Position : Piping Supervisor

Responsibility

- Supervise fabrication & installation piping .
- Supervise tie-in work.
- Supervise hydro test work.
- Check erection as drawings.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.

08 October 2019 - 30 November 2019

Company : PTT Maintenance and Engineering Company Limited.

Project : Modify PSV GC5

Position : Piping Supervisor

Responsibility

- Supervise fabrication & installation piping .
- Supervise tie-in work.
- Supervise hydro test work.
- Check erection as drawings.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.

01 September 2019 - 07 October 2019

Company : PIT Maintenance and Engineering Company Limited.

Project : T/A GC6

Position : Piping Supervisor

Responsibility

- Supervise fabrication & installation piping.
- Supervise tie-in work.
- Supervise hydro test work.
- Check erection as drawings.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.

01 April 2019 - 31 August 2019

Company : PTT Maintenance and Engineering Company Limited.

Project : 6" TAT GC5

Position : Piping Supervisor

Responsibility

- Supervise fabrication & installation piping.
- Supervise tie-in work.
- Supervise hydro test work.
- Check erection as drawings.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.

01 January 2019 – 31 March 2019

Company : PTT Maintenance and Engineering Company Limited.

Project : TA/2019 GC. Glycol

Position : Piping Supervisor

Responsibility

- Supervise fabrication & installation piping.
- Supervise tie-in work.
- Supervise hydro test work.
- Check erection as drawings.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.

01 June 2017 - 30 December 2018

Company : PTT Maintenance and Engineering Company Limited.

Project : Heat integrate Deheptanizer overhead with Benzene column reboiler

Position : Piping Supervisor

Responsibility

- Supervise fabrication & installation piping and structural steel.
- Supervise installation equipment (Plate heat exchanger, shell and tube heat exchanger, centrifugal pump).
- Supervise tie-in work.
- Supervise hydro test work.
- Check erection as drawings.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.

01 June 2017 - 30 May 2018

Company : Masterpiece Service St Supply Co.,Ltd.

Position : Piping Supervisor

Responsibility

- Supervise fabrication fit installation piping and structural steel.
- Supervise Installation equipment.
- Supervise tie-in work.
- Supervise hydro test work.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.
- Punch list piping.

01 June 2015 - 30 May 2017

Company : RNC (PTTGC 5)

Position : Piping Supervisor

Responsibility

- Supervise fabrication & installation piping and structural steel.
- Supervise installation plate heat exchanger (type Compabloc).
- Turnaround shut down work (T/A 2015).
- Supervise tie-in work.
- Supervise hydro test work.
- Supervise installation equipment (Desalter Project).
- Supervise installation Vessel (2100-ME7).
- Supervise fabrication St installation Tank (2930-TK17).
- Turnaround shut down work (T/A 2017).
- Check erection as drawings.
- Supervise flushing work.
- Control activities construction with safety.
- Communication with all parties concern for project.

24 October 2014 - 30 April 2015

Company : McConnell Dowell Construction Thai Limited.

Position : Piping Supervisor

Responsibility

- Supervise fabrication St installation piping, the fourth transmission pipeline project (Rayong - Kaeng Khol).
- Supervise tie-in work.

1 June 2011 - 30 September 2013

Company : Phonesack Company Limited (KSO.LOA)

Position : Piping Supervisor

Responsibility

- Supervise fabrication St installation piping.

1 June 2011 - 30 September 2013

Company : Bonati Company Limited.

Project : Karabaton Kazakhstan

Position : Piping Supervisor

Responsibility

- Supervise fabrication St installation piping.

18 July 2006 -10 May 2007

Company : Hydra-Arc Company Limited.

Project : Sasol Synfuels, Secunda. South Africa

Position : Piping Supervisor

Responsibility

- Supervise for fabrication & installation piping.
- Punch list piping.

29 July 2005 - 10 February 2006

Company : ST Service Company Limited.

Project : Third Transmission Pipeline

Position : Piping Foreman

Responsibility

- Fabrication & Installation piping.
- Punch list piping.
- Hydrostatic pressure test.
