EDUCATION

Suankularb Witthayalai Nonthaburi School

Mathematics-Science program with the grade point average of 3.8

2008 – 2014

Chulalongkorn University, Bangkok

Department of Chemical Engineering

PERSONAL PROJECTS

-Design system that converts Mar's atmosphere to Earth's atmosphere (2017)

- 3rd year project

-Improve steam trap performance (2018)

- For plant high density polyethylene(HDPE) in PTTGC

-Design Process for production of Acetic Anhydride (2018)

- design PFD and simulate for production of Acetic Anhydride

-Synthesis of CZTS by change parameter of concentration and temperature (2018 – 2019)

- synthesis CZTS(Semiconductor) film for solar cell [senior project]

WORK EXPERIENCE

Club Service

Rotaract Club of Chulalongkorn University

10/2016 – 06/2017

- Be a leader to run activities in the camp

Vice President of Rotaract voluntary summer camp
