

## CURRICULUM VITAE

## POSITION

## PROJECT MANAGEMENT

Name : Mr. Paramet Hongthong  
 Age : 51 years old  
 Height : 172 cm  
 Weight : 80 kg  
 Nationality : Thai  
 Marital Status : Married  
 Availability : NOW  
 Address current : 126/61 Moo1 Sub district Banchang,  
 District Banchang Province Rayong 21130  
 Email : paramet08@gmail.com  
 Mobile : 081-7036244

## EDUCATIONAL BACKGROUND

Year : 2012  
 Institution : King Mongkut's University Technology North Bangkok  
 Qualification : Master Degree  
  
 Year : 2009  
 Institution : Rajabhat Rajanagarindra University  
 Qualification : Bachelor's Degree

## WORKING EXPERIENCES

Period : 16 July 2019-Present  
 Company / Organization: GC Maintenance and Engineering Co., LTD  
 Business Type : Petrochemical Oil& Gas Plant  
 Location : Nongyai District Chonburi Province  
 Position : Project Civil Supervisor& Inspector  
 Project Job : Global Green Chemicals PLC  
 Duties / Responsibility

- Planning and implementing the effective utilization of construction with main contractor
  - Monitor contractor working progress
  - Advising the contractors on the construction process and addressing their concerns
  - Solving construction problems
  - Inspection survey alignment landscape and dimension of project
  - Inspection of excavation of foundation
  - Inspection of Rebar /formwork /concrete foundation
  - Inspection of installation Precast foundation
  - Inspection of U-ditch& V-ditch drainage system

- Inspection of test field density layer by layer Road
- Inspection fabrication & installation steel structure
- Inspection connection and testing
- Inspection installation grounding & ground rod and testing
- Inspection final mechanical complete
- Inspection final M&E complete
- Inspection of excavation & installation cable trench
- Inspection of final punch list stair steel
- Inspection of final punch list building Inverter/Main building
- Inspection of final punch list main gate /fence
- Inspection of final punch list control about paper work follow ITP, dairy report , summary
- Update drawing every weeks /check BOQ& Milestone

**Period :** 1 Jan 2019-15-July -2019  
**Company / Organization:** Monchai Service 2018 co., LTD  
**Business Type :** Long an Solar Park Power Plant at Vietnam  
**Location :** Long an Vietnam  
**Position :** Project Site Manager  
**Project Job :** Photovoltaic Power Plant  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with main contractor
- Monitor contractor working progress
- Advising the contractors on the construction process and addressing their concerns
- Solving construction problems
- Inspection survey alignment landscape and dimension of project
- Inspection of excavation of foundation PV module
- Inspection of Rebar /formwork /concrete foundation PV module
- Inspection of installation foundation PV module
- Inspection of U-ditch& V-ditch drainage system
- Inspection of test field density layer by layer Road
- Inspection fabrication & installation Mouthing steel structure
- Inspection Installing PV module
- Inspection connection and testing cable
- Inspection installation grounding & ground rod and testing
- Witness grid line extension work PEA
- Witness commissioning switchgear& Inverter / combiner
- Witness commissioning transformer /array box
- Witness commissioning communication/fire alarm/CCTV
- Witness commissioning street lighting
- Witness commissioning lightning
- Inspection final mechanical complete
- Inspection final M&E complete
- Inspection of excavation& installation cable trench
- Inspection of final punch list stair steel
- Inspection of final punch list building Inverter/Main building

- Inspection of final punch list main gate /fence
  - Inspection of final punch list control about paper work follow ITP, dairy report ,summary
- Update drawing every weeks /check BOQ& Milestone

**Period :** 6 Nov 2018-31 Dec 2018  
**Company / Organization:** Tractebel Engineering co., LTD  
**Business Type :** Song luy 1 Solar Power Plant at Vietnam  
**Location :** Binh thuan Vietnam  
**Position :** Site Manager/Leader civil Inspection  
**Project Job :** Photovoltaic Power Plant  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with main contractor
  - Monitor contractor working progress
  - Advising the contractors on the construction process and addressing their concerns
  - Solving construction problems
  - Inspection survey alignment landscape and dimension of project
  - Inspection of excavation of foundation PV module
  - Inspection of Rebar /formwork /concrete foundation PV module
  - Inspection of installation foundation PV module
  - Inspection of U-ditch& V-ditch drainage system
  - Inspection of test field density layer by layer Road
  - Inspection fabrication & installation Mouthing steel structure
  - Inspection Installing PV module
  - Inspection connection and testing cable
  - Inspection installation grounding& ground rod and testing
  - Witness grid line extension work PEA
  - Witness commissioning switchgear& Inverter / combiner
  - Witness commissioning transformer /array box
  - Witness commissioning communication/fire alarm/CCTV
  - Witness commissioning street lighting
  - Witness commissioning lightning
  - Inspection final mechanical complete
  - Inspection final M&E complete
  - Inspection of excavation& installation cable trench
  - Inspection of final punch list stair steel
  - Inspection of final punch list building Inverter/Main building
  - Inspection of final punch list main gate /fence
  - Inspection of final punch list control about paper work follow ITP, dairy report ,summary
- Update drawing every weeks /check BOQ& Milestone

**Period :** 1th Sep 2017-30 Oct 2018  
**Company / Organization:** Promjaroen Civil(2006) Partnership Limited  
**Business Type :** Construction  
**Location :** Rayong Thailand  
**Position :** Project Manager

**Project Job :** **Project Station Double Rail**  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with main contractor
- Monitor contractor working progress
- Advising the contractors on the construction process and addressing their concerns
- Solving construction problems
- Update drawing every weeks /check BOQ& Milestone,
- Control about paper work follow ITP, dairy report ,summary

**Period :** **1th Sep 2016-31 August 2017**  
**Company / Organization:** **Fah chai Engineering co., LTD**  
**Business Type :** **Solar Roof top**  
**Location :** **Bangkok, Thailand**  
**Position :** **Technical Support Director**  
**Project Job :** **Photovoltaic Roof top**  
**Duties / Responsibility**

- : Pre sale
- : Site Survey with owner
- : Drawing Design Layout &Calculation Inverter PV Module
- : Project Management
- : After sale
- : Preventive Maintaining
- : Warranty
- :Summit Document permission government
- Report COO&CEO

- Inspection of final punch list stair steel
- Inspection of final punch list building Inverter/Main building
- Inspection of final punch list main gate /fence
- Inspection of final punch list control about paper work follow ITP, dairy report ,summary
- Update drawing every weeks /check BOQ& Milestone

**Period** : **Jan 5, 2015 – 30-April-2015**  
**Company / Organization:** **Hitachi Plant Technologies (Thailand) co., LTD**  
**Business Type** : **Petrochemical Oil& Gas Plant**  
**Location** : **Map ta phut muang Rarong Thailand**  
**Position** : **Project Engineer**  
**Project Job** : **JSR BST ELASTOMER Co., LTD (JBE)PLant**  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with main contractor
- Monitor contractor working progress
- Advising the contractors on the construction process and addressing their concerns
- Solving construction problems
- Inspection survey alignment landscape and dimension of project

- Inspection of piling work foundation building& equipment
- Inspection of excavation of foundation building& equipment
- Inspection of pile cut off foundation building& equipment
- Inspection of Rebar /formwork /concrete foundation Building
- Inspection of Rebar /formwork /concrete foundation equipment
- Inspection of Rebar /formwork /concrete base pond
- Inspection of Rebar /formwork /concrete wall pond
- Inspection of slump concrete every 30 cu.m
- Inspection of compressive strength concrete
- Inspection of installation steel stair
- Inspection of U-ditch& V-ditch drainage system
- Inspection of test field density layer by layer Road
- Inspection fabrication & installation steel structure all project
- Inspection of installation equipment machine setting leveling 2mm maximum
- Inspection of underground pipe fire fighting system
- Inspection of excavation& installation cable trench
- Inspection of final punch list stair steel
- Inspection of final punch list Main building
- Inspection of final punch list main gate /fence
- Inspection of final punch list control about paper work follow ITP, dairy report ,summary

**Period :** Nov 1, 2014 – Dec 31,2014  
**Company / Organization:** Phong Pittaya Property co.,LTD  
**Business Type :** Property  
**Location :** Pattaya Chonburi, Thailand  
**Position :** Project Manager  
**Project Job :** Grand Valley Pattaya  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with main contractor
- Monitor contractor working progress

**Location :** Rayong, Thailand  
**Position :** QA/QC inspector & supervisor civil  
**Project Job :** ATC CPX II Plant  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor Inspection of civil department's qualified density test soil & sand sub grade and sub base project site preparation

**Period :** Nov 15, 2004 – Nov 11, 2005  
**Company / Organization:** CTCL (Thailand) Co., Ltd.  
**Business Type :** plant production tire  
**Location :** Rayong, Thailand  
**Position :** QA/QC Inspector- Supervisor Structure and Architecture  
**Project Job :** Maxxis Phase I Stage II Plant  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified piling work project
- Inspection of civil department's qualified pipe load test project
- Inspection of civil department's qualified pipe rack OSBL project
- Inspection of civil department's qualified cooling tower project
- Inspection of civil department's qualified mass foundation project
- Inspection of civil department's qualified building project
- Control about paper work follow ITP, dairy report, summary concrete
- drainage system & leakage test project
- Inspection of civil department's qualified drawing project
- Inspection of civil department's qualified material of project
- Inspection of civil department's qualified density test soil & sand sub grade and sub base project
- Update drawing every weeks check BOQ, estimate

**Period :** Jul 1, 2004 – Nov 14, 2004  
**Company / Organization:** Thai Kajima Co., Ltd.  
**Business Type :** Petrochemical

**Location :** Rayong, Thailand  
**Position :** Supervisor of Civil Works  
**Project Job :** Shin-Etsu Silicones (Thailand) Co., Ltd.  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified mass foundation project building project Control about paper work follow ITP drawing project material of project density test soil & sand sub grade and sub base project test of reinforcement project compressive strength of concrete project.

**Period :** Feb 16, 2004 – Jun 30, 2004  
**Company / Organization:** Samsung Engineering Co., Ltd.  
**Business Type :** Petrochemical  
**Location :** Rayong, Thailand  
**Position :** QA/QC Supervisor of civil  
**Project Job :** Ptt 5 th. Gas Separation Plant  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified pipe rack OSBL area project Tank farm area project mass foundation project Control about paper work follow ITP drawing project material of project density test soil & sand sub grade and sub base project test of reinforcement project compressive strength of concrete

**Period :** Apr 01, 2003 – Jan 31, 2004  
**Company / Organization:** THAI KAJIMA Co., Ltd.  
**Business Type :** Petrochemical  
**Location :** Rayong, Thailand  
**Position :** QA/QC Supervisor of Civil Work  
**Project Job :** TPRC Plant  
**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified piling work project , pile load test Road & paving project , drainage system & leakage test , mass foundation project , building , Control about paper work follow ITP , drawing project , material of project density test soil & sand sub grade and sub base project test reinforcement project , compressive strength of concrete

**Period :** Jan 01, 2003 – Mar 31, 2003  
**Company / Organization:** YTC Corporation Ltd.  
**Business Type :** Factory and building  
**Location :** Chonburi, Thailand  
**Position :** Supervisor of Civil Works.  
**Project Job :** Sung Song Hitech Factory at Leamchabang Chonburi  
 Thaivon Factory Factory at Leamchabang Chonburi

**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified building project , drawing project material of project , density test soil & sand sub grade and sub base project test of reinforcement project , compressive strength of concrete project , final punch list project

**Period :** Oct 09, 2002 – Dec 30, 2002

**Company / Organization:** SHI-ASIA Company Ltd.

**Business Type :** Petrochemical

**Location :** Rayong, Thailand

**Position :** QA/QC Supervisor of civil

**Project Job :** Asphalt Storage Tank and Associated (ARC .Plant)

**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified big mass tank foundation project
- Control about paper work follow ITP, drawing , material of project test of reinforcement project , compressive strength of Concrete

**Period :** Jan 31, 2002 – Oct 01, 2002

**Company / Organization:** B.K.K. GROUP (1985) Public Co., Ltd.

**Business Type :** Supermaketing building

**Location :** Bangkok, Thailand

**Position :** QA/QC Civil and Architecture.

**Project Job :** Big – C Tiwanon Province Nonthaburi

**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified piling work project , pile load test
- Inspection of civil department's qualified mass foundation project building project ,Control about paper work follow ITP, drawing project material of project ,density test soil & sand sub grade and sub base project test of reinforcement project ,compressive strength test of concrete project

**Period :** Feb 28, 2001 – Jan 31, 2002

**Company / Organization:** Joint Venture NVSPKG Co., Ltd.

**Business Type :** West water treatment plant

**Location :** Samutprakan, Thailand

**Position :** QA/QC Civil and Architecture.

**Project Job :** WWTP.

**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified piling work project , pile load test mass foundation project , building project
- Control about paper work follow ITP drawing project , material of project density test soil & sand sub grade and sub base project test

- reinforcement project , compressive strength test of concrete project
- Period :** Jan 1, 2000 – Feb 31, 2001
- Company / Organization:** Parsitchaikarnchang Co., Ltd.
- Business Type :** Factory & Building
- Location :** Chonburi, Thailand
- Position :** General Foreman Civil and Architecture.
- Project Job :** Factory Auto lube
- Duties / Responsibility**
- Planning and implementing the effective utilization of construction with sub contractor
  - Inspection of civil department's qualified piling work project , pile load test mass foundation project , building project
  - Control about paper work follow ITP drawing project , material of project density test soil & sand sub grade and sub base project test reinforcement project , compressive strength test of concrete project
- Period :** Oct 20, 1998 – Dec 30, 1999
- Company / Organization:** Joint Venture BCKT Co., Ltd.
- Business Type :** Subway
- Location :** Bangkok, Thailand
- Position :** Supervisor Civil Structure Station rama.9 And Tunnel Sirikit Station Bangkok
- Project Job :** M.RT Chaloem Ratchamongkhon Line.
- Duties / Responsibility**
- Planning and implementing the effective utilization of construction with sub contractor
  - Inspection of civil department's qualified mass foundation project building project .Control about paper work follow, drawing project material of project ,density test soil & sand sub grade and sub base project test reinforcement project ,compressive strength test of concrete project
- Period :** Apr 01, 1996 – Jul 31, 1998
- Company / Organization:** Ch.Karnchang – Tokyo and construction Co., Ltd.
- Business Type :** factory & building Expressway Stack
- Location :** Bangkok, Thailand
- Position :** Supervisor Civil and Architecture Estimate section.
- Project Job :** Sansui Factory, Samutsakorn.  
TEC 2 Sahaviriya, Bangkok Pathumthani.  
Second Stack Expressway (Sector C-Plus) Pathumthani.  
Common Stack Unit 4-7 District Mae-moh Lumpang.
- Duties / Responsibility**
- Planning and implementing the effective utilization of construction with sub contractor
  - Inspection of civil department's qualified mass foundation project building project ,Control about paper work follow ITP, drawing project material of project ,density test soil & sand sub grade and sub base project test of reinforcement project ,compressive strength test of concrete

**Period :** Apr 01, 1992 – Apr 01, 1994  
**Company / Organization:** P.P.P. Construction Limited Partnership.  
**Business Type :** Flat & building  
**Location :** Nonthaburi, Thailand  
**Position :** Supervisor Civil Architecture Estimate Survey and General  
**Project Job :** Thai Kraft Paper Factory at Kanchanaburi.  
 Building army at Kanchanaburi.  
 Flat army at Nakornpathom.  
 Building NS. at Kanchanaburi.

**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified mass foundation project building project ,Control about paper work follow ITP, drawing project material of project ,density test soil &sand sub grade and sub base project test of reinforcement project ,compressive strength test of concrete

**Period :** Mar 02, 1990 – Mar 30, 1992  
**Company / Organization:** Wattana Engineering Construction Co., Ltd.  
**Business Type :** building  
**Location :** Rayong, Thailand  
**Position :** Supervisor Civil and Architecture  
**Project Job :** Sansai Breach Condominium 30<sup>TH</sup> Floor at Chonburi.  
 Sanitbunnasarn Breach Condominium 25<sup>TH</sup> Floor at Rayong.

**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified piling work project , pile load test
- Inspection of civil department's qualified mass foundation project building project ,Control about paper work follow ITP, drawing project material of project ,density test soil &sand sub grade and sub base project test of reinforcement project ,compressive strength test of concrete project

**Period :** Oct 02, 1989 – Mar 30, 1990  
**Company / Organization:** A.T.M. Construction Co., Ltd.  
**Business Type :** factory & building  
**Location :** Rayong, Thailand  
**Position :** Supervisor Civil and Architecture  
**Project Job :** F.D.P. Factory at Bangpoo, Samutprakarn.  
 Golden sand beach Condominium 24<sup>TH</sup> Floor.  
 Had thong Hotel 8<sup>TH</sup> Floor at Prachuebkerekan.

**Duties / Responsibility**

- Planning and implementing the effective utilization of construction with sub contractor
- Inspection of civil department's qualified piling work project , pile load test
- Inspection of civil department's qualified mass foundation project building project ,Control about paper work follow ITP, drawing

		project material of project ,density test soil &sand sub grade and sub base project test of reinforcement project ,compressive strength test of concrete project
<b>Period</b>	:	<b>Dec 06, 1988 – Sep 30, 1989</b>
<b>Company / Organization:</b>		<b>Ch.Karnchang – Tokyo and construction Co., Ltd.</b>
<b>Business Type</b>	:	<b>factory &amp; building</b>
<b>Location</b>	:	<b><u>Bangkok</u>, Thailand</b>
<b>Position</b>	:	<b>Fore man Civil and Architecture</b>
<b>Project Job</b>	:	<b>Asahi Factory at Navanakorn Patumtani.</b>
<b>Duties / Responsibility</b>		<ul style="list-style-type: none"> <li>• Planning and implementing the effective utilization of construction with sub contractor</li> <li>• Inspection of civil department's qualified piling work project , pile load test</li> <li>• Inspection of civil department's qualified building project</li> <li>•</li> </ul>

#### TRAINING – SEMINAR – CERTIFICATES – OTHER CURICULAR ACTIVITIES

##### Training

- safety level supervisor (NPC S&E)2004
- safety level supervisor confine space (NPC S&E)2007
- safety level supervisor success co.,ltd(TTCL)2007
- safety level Behavior base safety (TTCL)2009
- Basic Fire Fighting (Antifire Industries co.,LTD)2009

##### Duties

###### **Preparation work**

- Check and review document before starting pile work

###### **Material Approved**

- Concrete: concrete mix design submit& trail mix for cube and cylinder shall be Proceeded
- Rebar: Rebar materials test report &mill certificates submittal rebar shop drawing Submittal incase of the design or standard drawing which is approved by owner But detail is unable to cover for working

###### **Boring/Concrete**

- Location
- Cashing
- Pile tip elevation
- Before concrete placing inspection
- Control concrete slump test
- Control concrete compressive strength test

###### **As-built**

- Pile deviation

###### **Pile load test**

- Pile dynamic analysis load test
- Pile Ultrasonic and seismic test

###### **Control Batching Plants Concrete**

- Moisture density test relationship test test for soil
- Field density test of soil
- Visual inspection of pile prior to driving
- Pile driving record
- Pile load test pile cut off
- Concrete mortar aggregate report aggregate sieve analysis
- Mix proportion test of concrete trial mix
- Fresh concrete test and compressive strength
- **Test field sampling**
- Inspection before placing concrete such as anchor bolt/anchor bolt pocker details
- Steel structure erection, tank foundation settlement fireproofing check list
- Final visual inspection punch list civil work
- **Grouting and painting**
- Painting application
- Final visual inspection punch list painting
