

## **CURRICULUM VITAE**

### **PERSONAL DETAILS**

<b>Name</b>	<b>Mr. Jeerasit Lomathong</b>
<b>Permanent Add.</b>	<b>101/70 M. 6 T. Thabma A.Moung Rayong 21000, Thailand</b>
<b>Date Of Birth</b>	<b>July 27. 1974</b>
<b>Sex</b>	<b>Male</b>
<b>Nationality</b>	<b>Thai</b>
<b>Marital Status</b>	<b>Married</b>
<b>Passport No.</b>	<b>V 772155</b>
<b>Education</b>	<b>Diploma of Industrial Technology</b>
<b>Phone</b>	<b>M/B +66 82 453 4245</b>
<b>E-Mail</b>	<b><a href="mailto:ajeerasit@gmail.com">ajeerasit@gmail.com</a></b>

### **Summary Of Work Experience**

Approximately Thirteen [13] Years Accumulated With Mechanical Equipment Installation And Commissioning Including Maintenance Turnaround, Work Responsible For work Carried Out In Petroleum Petrochemical Refinery Power Plant, Construction And Expansion Plant Project, FPSO. Floating Production Storage and Offloading Onshore And Offshore Platforms. Activity For Mechanical Rotating And Non Rotating. Process Equipment. Responsibilities Include Both Hands On And supervision Of Installation. Inspection Oil & Gas Pre-Commissioning & Commissioning. Start Up. Mark Up P&ID Drawing For Line Up Pipe Line. Pre & Final Shaft Coupling Alignment Of Pumps. And Solar Gas Turbines. Ebara Compressor. Burchardt Compressor. Compressor Of all Compressor Installation And commissioning And Lube Oil Flushing Under The Supervision Of Owner Compressor. Installation Commissioning Single/Multi Stage Centrifugal And Screw Type Air Compressors. Power Generator Plant. Jockey Pumps. Cooling Medium Water Pumps. Sea Water pumps. Sea Water Treatment. Injection Pumps. Sea Water Lift Pumps. Diesel Engines. And Non-Rotating Equipment Installation Maintenance Repairs. Columns. Heat Exchangers. Vessels. Drums. Towers. Internal Tray Install. Modification Tray. Pressure Safety Valves And Various Type Of valve. Pumps Function Test. Dynamic Test. NO Load And Loading Test. N2 Co2 Air Water Leak Test Completed Test Packed. Process Utilities System. Witness Chemical Cleaning Process Gas Piping. Training And work Confined Space. Blind List System Control. Final Enclosure Of all Vessels. Towers. Drums. Tri Party Walk Down. Mechanical And Piping Punch List And Cleared Mechanical Piping Punch List For Pre-Commissioning And Commissioning Start Up Team. Pre-Commissioning And Commissioning Start Up Team. Final Handover Document And Acceptance To Owner.

### **March 2020 ~ April 2021**

**Company** Kaset Thai Nongpho Nakornsawan  
**Project** Nakornsawan Bio Complex Project  
**Location** Nongpho Nakornsawan  
**Position** Commissioning Mechanical

**Responsibility.** Crane Assistance during installation and Commissioning stage. Pre-commissioning of Fresh, Hot and Cold Potable Water to Living Quarter and Equipments like Potable Water maker, Hot water Calorifier, Safety Shower, Laboratory, Water Mist cabinet and Firewater Ringmain. Commissioning of Potable Pumps, Service Water Pumps, Centrifugal Pumps and Crane. Pre-Commissioning and Commissioning of Non-hazardous drain, Black and Grey Sewage Water. Conduct Permit to Work System Training and Safety.

### **July 2019- March 2020**

**Company** PTT GC3  
**Project** Civil Worker of install new HEX.for T-330 Project.  
**Location** Maptaphut Rayong  
**Position** Mechanical Supervisor

**Responsibility.** Turnaround-Installation Rotating Equipment And Non Rotating Equipment Process Pumps Repair. Pre-And Final shaft Coupling Alignment Pumps Witness Heat Exchanger Repair Nozzle. And Hot tap Drum. Vessels. Towers. Internal Tray Inspection And Modification Of All Towers North Area. Process Pumps System. Mechanical And Piping Punch List Cleared For Pre-Commissioning And Start-Up Team. Final Enclosure Of All Towers. Drums Vessels. Tri Party Walk Down .Training PWT Permit to Work And Confined Space Training. Review Work Permit And Issue. Review Method Statement Sequence And Job Safety Analysis. Blind list System Control. Confined Space work. Ventilation Plan System. Final Document Handover And Acceptance To Owner. Exxon Refinery

### **May 2019 ~ July 2019**

**Company** Hitachi  
**Project** Convert Heavy Gas to Olifins Feedstock Project  
**Location** Map Ta Phut Rayong  
**Position** Mechanical Supervisor  
**Responsibility** Rotating Equipment And Non Rotating Equipment Installation. Burchardt Compressor 2x11 MW HP.LNG pump . Sea water Pumps . Fire water System. N2. System. Process Utilities. System. loading Arm On Jetty Tower Crane On jetty. Drums .Vessels. Heat Exchanger. Stop Gate Sea Water System. Air Cooling. ORV. Open Rack Vaporizer. Overhead Crane. Of All Static & Rotating In Charge. Mechanical Punch List For Pre- Commissioning. Air Leak Test. N2 Leak Test. Lube Oil Burchardt Compressor Flushing Under The supervision Burchardt. Final Process Pumps Shaft Coupling Alignment .Tri Party Walk Down. Punch List Cleared Of All The System. Document Hand Over To Owner. Training PTW. Permit To work.

### **Mar 2017 ~ May 2019**

**Company** PTT Maintenance and Engineering Company Limited.  
**Project** Convert Heavy Gas to Olifins Feedstock Project  
**Location** Maptaphud Rayong  
**Position** Mechanical Supervisor  
**Responsibility.** Pre-Commissioning And Commissioning Of Mechanical Rotating Equipment And Non- Rotating Equipment. Such As GE 2x21MW Power Generation Package. GE/ Nuovo Ping None] LP Separation and Emulsion Centrifuges. Solid Handling And Solid Centrifuges .LP/ MP/ HP Gas Compression System. Sea water Treatment. Sea water Injection. Process Cooling Medium. Produced Water Injection System. Fire water System. Sub Sea water Chemical Injection System. Cargo transfer & Off Loading System. Topside Process Utilities. System. Witness Chemical Cleaning Of Process Gas Piping. Witness Hot Oil Flushing On Lube Oil LP/MP/HP Compressor Tri Party Walk Down Inspection Mechanical & Piping And Punch Out The System. Open Drain & Closed Drain. Air Leak Test .Function Test. No Load & Load Run Test. Vibration Record. Dynamic Test. Mark Up P&ID Drawing. Final Enclosure Of All Vessels. Drums. Heat exchanger. Towers Column. Training PTW. Permit To work. Training SSIC Shipyard Safety Instruction Courses .Training BOSITE Basic Offshore Safety Induction And Emergency

### **Apr 2016 ~ May 2017**

**Company** Bechtel Inc.  
**Project.** Queenlands Curtis LNG Module Project  
**Location** Lamchabang Chonburi  
**Position** Mechanical Supervisor  
**Responsibility.** Rotating Equipment And Non Rotating Equipment Inspection. Such As Net Gas Compressor. Recycle Gas Compressor. Air Unit Compressor. All Of Utilities Process Pumps. Sea Cooling Water Tower. Pre And Final Shaft Coupling Alignment. And Drums Columns Heat Exchangers. Vessels. Towers. Internal Tray Inspection. Scallop Reactor Adjustment Center. Pipe Expansion Joint. Final Enclosure Of All Vessels. Drums. Mechanical & piping Punch List Cleared For Commissioning & Start-Up Team. Training PTW. Permit To work. Training Confined Space.

### **Dec 2015 ~ May 2016**

**Company** Foster Wheeler International Corporation  
**Project** Sriracha Cleaning fuel Project  
**Location** Lamchabang Chonburi  
**Position** Mechanical Supervisor  
**Responsibility.** Turnaround And installation Pre-Commissioning. Rotating Non-Rotating Equipment. Process Pumps Repairs. Pre-And Final Shaft Coupling Alignment. Witness Heat Exchanger Repair Nozzles. And Chemical Cleaning Tubes. vessels. Drum. Internal Tray Inspection. And Modification Down Curbing Of Towers. Punch List Cleared For Pre-Commissioning. Final Handover Document And Acceptance To Owner. Training PTW. Permit To work. Training Confined Space.

### **Mar 2014 ~ Dec 2015**

**Company** PTT Maintenance and Engineering Company Limited.  
**Project** AN & MMA Project  
**Location** Maphapud Rayong  
**Position** Mechanical Supervisor  
**Responsibility.** Rotating Equipment And Non Rotating Equipment  
Such As HP/LP Ebara Compressor and Solar Gas Turbines. Lube Oil Pipe Flushing  
Gas Fuel Leak Test. Compressor Pipe Connection Discharge & Suction Compressor  
Alignment. Start Up Support GE Japan And Solar turbines USA Team. Walk Down  
Mechanical & Piping Punch Out System. Process Utilities System. Witness Chemical  
Cleaning Of Process Gas Piping And Performance. Open Drain & Closed Drain  
System. Bore Scope On Completed. Test Pack. Air Leak Test. Training PTW. Permit  
To work. Training Confined Space.  
Training BOSITE Basic Offshore Safety Induction And Emergency.

### **Mar 2011 ~ Feb 2014**

**Company** PTT Maintenance and Engineering Company Limited.  
**Project** LDPE Project.  
**Location** Maptaphud Rayong  
**Position** Mechanical Supervisor

#### **Responsible**

Installation Rotating Equipment And Non Rotating Equipment. Process Pumps. Main  
Motor. Gear Box. Hydraulic Oil Pumps. Rolling Mill. Pre And Final Shaft Coupling  
Alignment. Steel Structure Assemble. Drums Vessels. Punch List Cleared Mechanical  
And Piping For Pre- Commissioning Training PTW. Permit To work. Training  
Confined Space.

### **June 2009 ~ Mar 2011**

**Company** Foster Wheeler International Corporation  
**Project** CDU3 Modification and Revamp Project.  
**Location** Thailoil Refinery Sriracha.  
**Position** Commissioning Mechanical Technician

#### **Responsibility**

Rotating Equipment And Non Rotating Equipment.  
Pre- Commissioning And Commissioning Such As LP Gas Compressor. Export  
Compressor. Injection Compressor. Compressor [Dresser Rand] Rolls Royce Gas  
Turbine. Lube Oil Flushing. Under The Supervision Rolls Royce. Diesel Fuel System  
Sea Water & fine Water system. Cooling Medium. Chemical Injection System.  
Topside Process Utilities System. Witness Chemical Cleaning Cargo Transfer Off  
Loading System. Open Drain & Closed Drain. No load & Loading Test Run. Vibration  
Record. Function Test. Dynamic Test. Air Leak Test . Drums. Tri Party Walk Down  
Inspection And Punch Out The System. Final Enclosure Of All Vessels. Drums.  
Training PTW. Permit To work. Training SSIC Shipyard Safety Instruction Courses  
.Training BOSITE Basic Offshore Safety Induction And Emergency.

### **Feb 2008 ~ June 2009**

<b>Company</b>	Foster Wheeler International Corporation
<b>Project</b>	SMPC3 Siam Mitsui PTA.
<b>Location</b>	Maptaphud Rayong.
<b>Position</b>	Mechanical Foreman

#### **Responsibility**

Installation Rotating Equipment And Non - rotating Equipment. Steel Structure Assemble. Such As Utilities Pumps. Compressor. Diesel Engine Driven Mechanical. Bell Conveyer. Of All Process Pumps. Pre & Final Shaft Coupling Alignment. Columns Heat Exchangers. Drums. Vessels. Mechanical & Piping Punch List Cleared For Pre-Commissioning

### **Nov 2007 ~ Feb 2008**

<b>Company</b>	Mitsubishi Kakoi Khisha ( MKK ).
<b>Project</b>	Polycarbonate ATT Phase 2
<b>Location</b>	Maptaphud Rayong.
<b>Position</b>	Commissioning Mechanical Technician

#### **Responsibility**

Rotating Equipment And Non Rotating Equipment.  
Pre- Commissioning And Commissioning Such As.Ebara Gas Compressor As NGL1-4 Project Of Qatar Petroleum Mesaieed. HP/LP Ebara Compressor And Solar Gas Turbine In The At Shaheen Field [ Offshore ] For Maersk Oil Of Qatar. Overhauling And Replacement Ebara Compressor And Solar Gas Turbines As part.  
De-Bottlenecking Project [ On Shore] Of Qatar Gas Ras Laffan. Lube Oil Pipe Flushing Under The Supervision Of Nuovo Ping none Engineering Italy And Solar Gas Turbines Supervision Of USA. On Shore Maintenance And Repair Of All Process Pumps. Final Shaft Coupling Alignment. Offshore Lube Oil Skid Modification And Flushing. In Sanwa 1 Workshops. Thread Crude Oil Pipe Repair. Training PTW. Permit To work. Training Confined Space. Training BOSITE Basic Offshore Safety Induction And Emergency.
